**LEGAL NOTICE**

The Certifying Notary is an independent contractor and not a party to the claim. In fact the Certifying Notary is a Federal Witness pursuant to: TITLE 18 , PART I , CHAPTER 73 , Sec. 1512. Tampering with a witness, victim, or an informant. (b) Whoever knowingly uses intimidation or physical force, threatens, or corruptly persuades another person, or attempts to do so, or engages in misleading conduct toward another person, with intent to - (1) influence, delay, or prevent the testimony of any person in an official proceeding; (2) cause or induce any person to - (A) withhold testimony, or withhold a record, document, or other object, from an official proceeding; (B) alter, destroy, mutilate, or conceal an object with intent to impair the object's integrity or availability for use in an official proceeding; (C) evade legal process summoning that person to appear as a witness, or to produce a record, document, or other object, in an official proceeding; or (D) be absent from an official proceeding to which such person has been summoned by legal process; or (3) hinder, delay, or prevent the communication to a law enforcement officer or judge of the United States of information relating to the commission or possible commission of a Federal offense or a violation of conditions of probation, parole, or release pending judicial proceedings; shall be fined under this title or imprisoned not more than ten years, or both. The Certifying Notary also performs the functions of a quasi-Postal Inspector under the Homeland Security Act by being compelled to report any violations of the U.S. Postal regulations as an Officer of The Executive Department.\* Intimidating a Notary Public under color of law is a violation of Title 18, U.S. Code, Section 242, titled "Deprivation of Rights Under Color of Law," which primarily governs police misconduct investigations. This statute makes it a crime for any person acting under the color of law to willfully deprive any individual residing in the United States those rights protected by the Constitution and U.S. laws. Other related federal statutes include Title 18, U.S. Code, Section 241, "Conspiracy Against Rights"; Title 18, U.S. Code, Section 1512, "Obstruction of Justice"; and Title 18, U.S. Code, Section 1001, "False Statements." Federal statutes generally restrict color of law investigations to official actions taken by police officers, federal agents, sheriff's deputies, correctional officers, and other public safety officials. However, off-duty officers who assert their official status also may face prosecution. In rare cases, the actions of security guards, private citizens, judges, defense attorneys, and prosecutors who willfully participate with federal, state, or local law enforcement officials in the commission of color of law violations fall within the purview of the federal statutes.

\*Postal Inspectors are federal law enforcement officers with investigative jurisdiction in all criminal matters involving the integrity of the mail and the security of the U.S. Postal Service. One definition of "A SECURITY" is "any evidence of debt."

The Lien Claimant does NOT rely on Title 15 USC as a basis for the "commercial lien." All commercial processes, by using or relying upon notes or paper in commerce (for example; Federal Reserve Notes), must bear some sort of Federal tracking code, a State Recorder's number, or a serial number, which process must be accessible for inspection at the nearest relevant State Recorder's Office or be widely advertised. When a lien matures by default of the Lien Debtor as a result of the Lien Debtor's failure to rebut the affidavit of obligation point-for-point categorically, it becomes an accounts receivable in the ordinary sense of a collectable debt upon which assignments, collateralization and other commercial transactions can be based, hence it becomes a Security subject to observation, tracking, and regulation by the United States Securities and Exchange Commission (hereinafter U.S.S.E.C.). The notation "A Security 15 USC" is a flag in commerce telling the U.S.S.E.C. that a speculation account is being established to enforce the lien. The U.S.S.E.C. can then monitor the process. As long as the process is truthful, open, and above board (full disclosure), The U.S.S.E.C. has no jurisdiction over it, for even the U.S.S.E.C. has no jurisdiction over the truth of testimony, depositions, affidavits and affidavits of obligations/commercial liens, and an unrebutted affidavit stands as the truth in commerce.

**LEGAL AUTHORITY:**

Hebrew/Jewish commercial code-corollary, this Hebrew/Jewish commercial process is to Exodus 20:16. This Hebrew/Jewish commercial process is the best known commercial process in America. The biggest user is the Internal Revenue Service. The Internal Revenue Service uses all three tracking codes. The federal tracking code is the tax-payer's IRS document file number. The next stronger code is the State Recorder's number. The strongest most important and most universal code is the tax-payer's identification number (TIN), also known as the Social Security Number (SSN). The IRS collection process is legitimate however, the IRS assessment/lien process is a commercial fraud because it is not supported by commercial affidavits (of Truth) of obligation/commercial liens. The IRS issues only Notices of liens, but has those Notices fraudulently recorded on a "Tax Lien index" at the County Recorder's Office. Notices are not required to contain commercial affidavits, but a lawful Lien must contain a commercial affidavit with an itemized obligation/damages ledger.

**NOTICE:**

The foundation of law, commerce, and the whole legal system consists of "telling the truth, the whole truth and nothing but the truth," either by testimony, deposition, and/or by affidavit. One sworn to tell the truth is compelled by high principles to protect truth and do nothing to tamper with that truth, either directly or indirectly, either in person or by proxy, or by subornation of an affiant or other person. Any judge or officer or government employee or otherwise who tampers with testimony, deposition, or affidavit is a threat to the Commercial Peace and Dignity of the County, State, and United States, and acting in the nature of a foreign enemy agent, committing a Mixed War! **WHOSOEVER** acts against Commercial Affidavits without executing the necessary Commercial Paperwork under affidavit is subject to being charged criminally for fraud. Commercial processes are fundamentally *non-judicial and pre-judicial*. No judge, court, law, or government can invalidate the Commercial Process, i.e. a Private COMMERCIAL SECURITY AGREEMENT, True Bill, or Lien based upon an affidavit, because no third party can invalidate an affidavit of TRUTH. Any action against Tort Claim/Lien/Affidavit process creates MIXED WAR. No one can rebut an affidavit except the proper party (lien debtor) who alone must rebut by affidavit within the established time limits. (Violations of Oaths of Office and constitutions, laws, codes, statutes, etc., equals Mixed War by them: 'foreign agents' in any office, at any level of government. **THEREFORE**, when a Tort Claim/Lien/Affidavit is so flagged in Commerce, it becomes a Federal Document because it can be translated into a Security (by being attached in support to a Commercial Lien UCC-1... filed under necessity). **NOTICE: NON-ACCEPTANCE** and/or **NON FILING** of a Commercial Lien/Affidavit is a Federal Offense.

**NOTICE TO PRINCIPAL IS NOTICE TO AGENT - NOTICE TO AGENT IS NOTICE TO PRINCIPAL.  
THIS CONSTITUTES FULL DISCLOSURE.**
